Attachments: Western Governors re 404 Assumption questions draft responses.docx

Ruth, sorry was on calls. Here are my suggested edits. As for format, it will be an email back to USACE as they have the lead for the overall response. this is on sharepoint under outreach and comms

As for the OFD - earlier discussions were that the 404g rule was not caught by this directive as that was to streamline federal permitting actions.

Ex. 5 Deliberative Process (DP)

Hi Kathy-

Just checking in to see if you'd had a chance to review, and can provide help with the areas I note below

Also, let me know if I should contact Region 5 and 2 re the ESA questions.

If you can let me know by 3 PM what else I need to do on this, that would be great, as I only have 3-4 today (if need be til 4:30) to work on this.

Of course, feel free to change or revise or re-do as you like.

Ruth

(I'm in a meeting until 3)

Subject: Kathy (for review): Draft material for W Gov's Letter re assumption

Hi Kathy-

Attached is a quick dump of info to answer the questions in the governors' letter. Don't know what the format is supposed to be. B

Brian wants to send something tomorrow, but this would still need Mindy's and Brian's review. Thus, can you take a look ASAP.

Need your review and input overall, but several things I need particular help on:

Ex. 5 Deliberative Process (DP)

Also Brian wanted me to put together a paragraph on the rulemaking to add to the attached draft EPA OFD implementation plan, similar to what's there for other OWOW activities (I'll do that later).

NOTE: on Regional call, Yvonne said Oregon is now ramping up efforts to apply for assumption, and goal is to present something to legislature when session starts in January.

I'm in a meeting at 2 to discuss response to comments, but otherwise mostly available today until 4.

Thanks!

Ruth
